

# WELCOME TO CITRUS COLLEGE

---

## Superintendent/President's Message

Welcome to Citrus College! As superintendent/president, I want to congratulate you on pursuing your academic goals. Whether you are a new or continuing student, I am excited that you have chosen Citrus College to be a part of your educational journey.

As you will see, Citrus College is an outstanding place for students looking to transfer to a four-year college or university, train for a career, or simply expand their knowledge and skills. When you enroll at Citrus College, you join a diverse and inclusive campus community that is committed to your academic achievement and future success.

This catalog will be an excellent resource for you this academic year. It includes useful information on current course offerings, academic requirements, college policies and other data needed to make important planning decisions. Within these pages, you will also find a list of student services, campus facilities and learning resources. I encourage you to take advantage of all Citrus College has to offer.

For more than 100 years, our faculty and staff have done a remarkable job developing creative and innovative ways to connect to students. Throughout the year, I encourage you to talk with your instructors, visit with an advisor or counselor, and get to know our friendly support staff. They are looking forward to providing you with a quality collegiate experience that will empower you to build on your education and actively contribute to our community.

On behalf of the Citrus Community College District Board of Trustees and our entire Citrus College community, I wish you good health and much success this year!

Sincerely,

Greg Schulz, Ed.D.  
Superintendent/President
