

# CAREER AND ACADEMIC PATHWAYS (CAPS)

---

The **Career and Academic Pathways (CAPs)** consider students' lived experiences and needs to provide intrusive support for students every step of the way. Students also have a designated contact for information and support. Through workforce entry and transfer prep students are encouraged to keep their goal in mind.

These efforts are being targeted to students through a CAP specific Success Team based on their declared major and/or area of interest which are linked to a **Career and Academic Pathway**.

There are seven Career and Academic Pathways (CAPs) at Citrus, each supported by a Success Team. To view more information about the CAPs, visit our Explore CAPs page (<http://catalog.citruscollege.edu/careeracademicpathways/explore-caps/>) or select a specific CAP below.

## Career and Academic Pathways (CAPs)
