Transferable to UC:	No
Grading Method:	Standard Letter

Catalog Course Description

Origin, development, philosophy and constitutional basis of evidence, constitutional and procedural considerations affecting arrest, search and seizure; kinds and degrees of evidence and rules governing admissibility; judicial decisions interpreting individual rights and case studies. 54 lecture hours.

Course Objectives

- provide a working knowledge of the rules of evidence, the various kinds of evidence, and the admissibility of evidence
- develop the ability to evaluate the various kinds of evidence available in a given case in order to determine its admissibility in court
- develop the skills needed in handling case material so that evidence admissibility will not be destroyed by improper techniques or procedures
- explain the value of all kinds of evidence and the need to use proper procedures and techniques so as to maintain the value and admissibility of evidence
- demonstrate a working knowledge of the rules of evidence and the admissibility of evidence
- evaluate the various kinds of evidence available in a given case and its admissibility in court
- demonstrate his or her ability to use proper procedures in maintaining the value of evidence involving a hypothetical case
- demonstrate that he or she knows how to relate legally admissible evidence to the corpus delicti of the crime under investigation
