Catalog Course Description

This course teaches college preparatory writing, introduction to literary analysis, and research skills. The following English skills are an integral part of this course: reading, writing, speaking, listening, and vocabulary. Reading assignments will include poetry, short stories, and drama. Additionally, students learn to critique each other's work and use these editing skills on their own papers. Students will be introduced to the process of gathering information needed for clarification of reading or the beginning of writing. Spelling and content words will be chosen from the assigned readings. Oral reports, readings, and recitations are incorporated into this course. The course format will include activity-based investigations with hands-on activities, concepts, and applications compliant with the adopted California Common Core State Standards for English Language Arts to meet the minimum course requirements for high school graduation. 60 lecture hours.

Course Objectives

- Write arguments to support claims in an analysis of substantive topics or texts, using valid reasoning and relevant and sufficient evidence
- Write informative/explanatory texts a research paper by demonstrating the ability to examine locate, evaluate and convey complex ideas, concepts, and information clearly and accurately through the effective selection, organization, and analysis synthesize a variety of content. sources.
- Write narratives to develop real or imagined experiences or events using effective technique, well-chosen details, and well-structured event sequences.
- Produce clear and coherent writing Discuss universal themes found in which the development, organization, and style are appropriate literature as they relate to task, purpose, and audience.
- Develop and strengthen writing as needed by planning, revising, editing, rewriting, or trying a new approach, focusing on addressing what is most significant for a specific purpose and audience.
- Use technology, including the internet, to produce publish, and update individual or shared writing products, taking advantage of

- technology's capacity to link to other information and to display information flexibly and dynamically.
- Conduct short as well as more sustained research projects to answer a question (including a self-generated question) or solve a problem; narrow or broaden the inquiry when appropriate; synthesize multiple sources on the subject, demonstrating understanding of the subject under investigation.
- Gather relevant information from multiple authoritative print and digital sources, using advanced searches effectively; assess the usefulness of each source in answering the research question; integrate information into the text selectively to maintain the flow of ideas, avoiding plagiarism and following a standard format for citation including footnotes and endnotes.
- Draw evidence from literary or informational texts to support analysis, reflection, and research.
- Write routinely over extended time frames (time for research, reflection, and revision) and shorter time frames (a single sitting or a day or two) for a range of tasks, purposes, and audiences.
