

CERTIFICATE IN DATABASE ADMINISTRATOR

The Database Administrator Certificate of Achievement is one of several certificate options available in the Information Technology and Information Systems (ITIS) program. The core competencies for this certificate include foundational skills in Information technology (ITIS 104, ITIS 107, and ITIS 115) as well as foundational skills in computer programming (ITIS 141). These four foundational courses are also required in the other ITIS certificates. Students will advance from the core competencies to develop practical skills in using specialized software to store, manipulate, and organize data. The eventual goal is to build the necessary foundation for students to pursue an undergraduate degree in an information-related or computer-related subject.

Students completing this certificate will be equipped with the skills determined by employers as necessary for an entry level position in information technology such as a Computer User Support Specialist (SOC Code: 15-1151) or Database Administrator (SOC Code: 15-1141). During the program students will also have an opportunity to complete industry certifications from CompTIA, including A+ and Network+.

Learning Outcomes

Certificate of Achievement Level Student Learning Outcomes

Students completing the Database Administrator Certificate of Achievement will:

1. Demonstrate proficiency in creating, editing, and modifying an electronic database.
2. Demonstrate proficiency in building and maintaining relational databases.
3. Demonstrate proficiency in generating various reports through the process of querying and extraction.

Requirements

Code	Title	Units
Required courses:		
ITIS 104	Information Technology	4
ITIS 107	Network Technology	4
ITIS 115	Computer Information Systems	3.5
ITIS 141	Programming Fundamentals	3
Select three (3) of the following courses:		
ITIS 160	Introduction to Database Concepts	3
ITIS 165	Database Principles Using SQL	3
ITIS 170	Database Programming	3
or BUS 152	Business Communications	
Complete one (1) of the following math courses: ¹		
MATH 144	Technical Mathematics	5
STAT C1000	Introduction to Statistics ¹	4

Code	Title	Units
or STAT C1000H	Introduction to Statistics - Honors	
Total Units		27.5-28.5

¹ Or substitute higher level math course.

² STAT C1000 is degree applicable with or without STAT S1000. If taken with STAT S1000, only the units for STAT C1000 will be counted towards the degree.

*It is highly recommended that you make an appointment (<https://www.citruscollege.edu/stdntsrvcounsel/Pages/ApptSchedule.aspx>) to create a customized education plan that fits your needs.

First Year		Units
Fall Term 1		
ITIS 104	Information Technology	4
ITIS 107	Network Technology	4
ITIS 115	Computer Information Systems	3.5
Units		11.5
Winter Term 1		
MATH 144	Technical Mathematics	5
Units		5
Spring Term 1		
ITIS 141	Programming Fundamentals	3
ITIS 160	Introduction to Database Concepts	3
ITIS 165	Database Principles Using SQL	3
ITIS 170	Database Programming	3
Units		12
Total Units		28.5

Career Information

Career Opportunities

There are a variety of careers you can do with this major.

To explore more about this major, schedule an appointment (<https://www.citruscollege.edu/stdntsrvcounsel/Pages/ApptSchedule.aspx>) with a career counselor.
