

CERTIFICATE IN CAL-GETC

This certificate prepares students for transfer to the California State University (CSU) or University of California (UC) systems by fulfilling the lower-division general education requirements through the California General Education Transfer Curriculum (Cal-GETC), the singular pathway for California Community College (CCC) students.

While this certificate signifies the completion of lower-division general education coursework, it does not guarantee admission to a specific campus or major within the UC or CSU systems. Students must still meet campus-specific major and unit requirements for transfer. Additionally, some majors or colleges may require further lower-division preparation or a higher GPA than required by this certificate.

Students are strongly encouraged to meet with a counselor to ensure they meet all current transfer admissions requirements and to discuss specific major and campus preparation for their intended transfer institution.

For a list of all Cal-GETC requirements, see General Education Requirements for Transfer to CSU or UC (Cal-GETC): Option II (<http://catalog.citruscollege.edu/programs-study/graduation-requirements-associate-degree/general-education-requirements-transfer-calgetc-option-ii/>).

Total Units 35-44
