

MUSIC

The study of music provides training in the instrumental competency, vocal competency, performance, techniques, and application. It also provides a foundational background for music appreciation, history and theory.

Music offers courses in four areas of concentration:

1. Commercial Music,
2. History and Theory,
3. Instrumental,
4. Vocal.

Both a transfer and a career technical education program, music offers performance opportunities for music majors and non-majors. Courses in music satisfy general education requirements for the associate degree, an associate degree in liberal arts for humanities, an associate degree for transfer in music, an associate degree in music and lower division transfer requirements.
